## **Starfleet Admiralty and Academy**

---

### **Annapolis:**

Starfleet Security Academy (TOS: 54, 5).

### **Centroplex:**

Main Space dock facility (ST: TMP, 46).

### **Classes:**

History of the Prime Directive (ST: CP, 96).

Geography

### **Facts:**

Command cadets are normally presented with a ring on joining the Academy, purchased by a family member or close friend (TOS: 24, 298)

### **Locations:**

Christa McAuliffe Annex: emblazoned with inscription "Risk is our business" (ST: P, 253)

Cochrane Memorial

Brin Planetarium (DS9: 16, 87)

Old City Station: Transporter facility (TOS: 17, 193).

San Francisco Space Dock (TOS: 44, 34).

Of every ten thousand applicants to the Academy, four hundred are chosen to attend through a year of testing (STL5: AE, 221).

## **Awards and Medals**

---

### **Award of Valor:**

Highest decoration for those wounded in service (TOS: 27, 89).

Pentares Peace Commendation (TOS: 18, 58)

### **Gold Star of Valor:**

Issued for conspicuous bravery. If jeweled, signifies an engagement in which human lives have been lost. The color and type of jewel is dependent of the wearer's blood color. For humans, it is a ruby (TOS: 17, 106).

## **Clothing**

---

### **Snappy Standard Starfleet Stretch:**

Informal regulation demonstrating s Uniform straightening technique taught in Uniform Wear and Maintenance at Starfleet Academy (V: 9, 25).

Starfleet uniforms are fireproof (ST: VI, 193).

Uniforms are assigned a cleaning code that ties that uniform to a particular individual, in case an undetected contamination of the uniform is discovered during the cleaning process (ST: VI, 207).

## **Codes / Classifications**

---

### **Alpha Emergency:**

A class of emergency code that allows Starfleet vessels to declare martial law (TOS: 42, 145).

### **Captain's Personal:**

Communication code for captain's eyes only (TOS: 48, 18)

Class A Priority (TOS: 24, 11)

### **Class A Security Prime Order:**

Must be decoded by the captain alone. (STL5: J, 347).

Code 3 (TOS: 67,93)

### **Code 5, Code 5 Descramble:**

Communication code with triple encryption protocols (TOS: 67, 64). Code Five is reserved for events between a planetary evacuation and declaration of war (ST: CP, 55)

### **Command Conditioning:**

Subtle series of hand signals taught to senior officers to communicate with one another when verbal communication is impossible. (TOS: 35, 32)

### **DOUBLET REGAL:**

Classification of Classified Documents of the Federation: includes the Van Diemen Papers. One step higher than the Nova Weapons Research Files (TOS: 16, 16).

### **Level-Eight Classification:**

Violation of this level results in permanent incarceration on Rock (TOS: 42, 234).

### **Lonteen's Light:**

Code similar to Morse code (TOS: BD, 346).

## **Manual Coding**

Most secure form of transmission; requires decoding keys kept in paper copy on receiving starship (TOS: 24, 11).

### **Priority One Clearance:**

Classified code issued by Starfleet Command for the most sensitive projects or information (TTM, 25 DS9: 16, 130)

Priority Two: (TOS: 81, 3)

Priority Seven: (ST: V, 54)

### **Starfleet Code:**

Code similar to Morse code (TOS: 62, 137).

### **Ultimate Emergency Override Command Code:**

Security code for ultra-secret messages: no hard or electronic record of the message can be kept, and captains must unscramble and decipher messages by memory. The four possible uses for Ultimate Code include the immediate nova of a star, alien invasion, critical experiment failure, or unclassifiable danger never before encountered (TOS: 2, 6).

## **Famous Individuals**

---

### **Commanders in Chief**

Harauk: (?) Only Vulcan commander to serve as CIC (TOS: 15)

Heihachiro Nogura

Morrow, Harry (ST:IV, 7)

Cartwright (ST:IV, 7)

Chekov, Pavel (TNG: TR, 282).

### **Noted Captains**

Gordon (TOS: 71, 190)

Ise (TOS: 71, 190)

Ikeya, Carmen (First woman to command a starship) (TOS: 39, 18)

Nadee (DS9: T&T, 51)

Reluki (TOS: 71, 190)

Scott, Tryla: Youngest starship Captain (ST: P, 208)

Seledon (DS9: T&T, 51)

### **Noted Prime Directive Violators:**

Geiken

Wenzler

Carmody (TOS: 55, 68)

### **Starfleet Operations**

Admiral Bob Caflisch (ST: V, 93)

## **Starfleet Security**

Vice-Admiral Burton: CIC 2293 (TOS: S, 258)

## **Locations**

---

**Earth:**

**Admiralty:**

CIC office is in Level 43, Section 17 (TOS: 39, 13)

Tashkent: Starship shielding manufacturing facilities (STL7, 7)

## **Navigational Hazard**

---

Class 2: Permanent, non-dynamic, low-risk hazard (TTM, 41).

## **Recruitment**

---

Star Fleet pays for medical educations in exchange for 10 years of service in the medical branch (TOS: 34, 112).

## **Rules/Regulations**

---

**Article 5, Section 301:**

No races' sentience can be reclassified without a full investigation by a xenological team (TOS: 19, 136).

**Emergency Defense Act**

Article 9, section 5, paragraph 7 "Civilian Emergency Mobilization Act"

**General Order One: (Prime Directive)**

The order is modifiable in cases of Federation emergency to allow captains discretion in offering technology not available to technologically advanced civilizations (TOS: 12, 93).

*Planets in which the Prime Directive was waived for preservation of the culture:*

Betelgeuse II

Capella

Halcyon

Soyuz Vtoroi

Yonada (TOS: 27, 137).

**General Order Three:**

Official secrets regulation of Stardate 7500, as amended stardate 42799: regarding dissemination of information to Starfleet personnel regarding imminent invasion of Federation space. Those to whom information is disclosed are bound by secrecy (TNG: TR, 216).

**General Order Six**

If everyone in a crew is killed or disabled, and the ship has not received a proper command from an outside authority to disengage, the ship's computer will automatically engage the self-destruct system (STL6: A, 44).

**General Order Seven:**

Individuals caught approaching Quarantined worlds will face the Death penalty upon conviction (TOS: P).

**General Order Twelve:**

Concerns rules of engagement. In SPE situation, requires not using shields, weapons, or screens, or ground personnel from using phasers (TOS: 48, 25).

**General Regulation Document 227:**

Treatment of prisoners on Starfleet vessels

*Paragraph B:*

Commanding officers reserve the right to visit the accused.

*Paragraph C:*

Commanding officers are subject to scan prior to visiting the accused. (TOS: 42, 103).

**Maximum Radiation Security Procedure (storm-cellar):**

In case of severe levels of radiation, starship crews will abandon outer section of ship and move into interior bulkheads. The increased mass reduces the lethality of radiation (TOS: 6,129).

**Perils of Space Rescue Response Clause**

Rule that give commanders authority to violate standing orders to rescue distressed vessels (TOS: BD, 8). The regulations also give commanders discretion to not respond to distress calls broadcast by hostile spacecraft (TOS:40, 15).

**Regulation 14-B:**

Standard cadet maneuver (TOS: SFTS, 57).

*Vulcan Variant:*

Harder version of standard maneuvers (TOS: SFTS, 57).

**Regulation 73-C, Subsection A:**

In the event of time travel, all Starfleet personnel will submit to routine psychological profile scan no less than once per solar year. Those of officer rank, or whom medical personnel deem under more than usual stress will be

subjected to scan as frequently as necessary upon recommendation of senior medical officer (TOS: SFTS, 102).

**Regulation 157, section 3, paragraph 18:**

Starfleet officers shall take all necessary precautions to minimize any participation in historical events (DS9: TT).

**Regulation 2477.3:**

Starfleet officers will not issue false reports in regards to prisoners as a result of negotiations with prisoners (TOS: 61,129).

**Regulation 256.15:**

Officers shall show professional behaviors at all times (TOS: VF, 247).

**Regulation 927.9:**

Starfleet personnel will not willfully put a prisoner's life in danger (TOS: 61, 241).

**Emergency Code 193:**

Allows Starfleet personnel to open the shuttle bay doors even when someone is inside the bay. Used to allow shuttles to evacuate the ship during a hostile takeover (TOS: 70, 234).

**Rule of Seven:**

Starfleet regulation that allows Starfleet Admirals to remove captains from active duty; states that commander is unfit to command through no fault of their own. It requires no proof or hearing, though the commanding officer that was demoted can request one (TOS: 5, 25).

**Services-Protected Evacuation (SPE):**

Starfleet procedure for evacuating Federation personnel from situations of war and civil unrest (TOS:48, 24).

**Starfleet Catastrophic Response Code, Section A:**

When all forms of communication fail to establish a link between Starfleet vessels and any Federation outposts, all personnel and ordnance will attempt immediate rendezvous at Starfleet Command (TOS: 75, 66).

**Starfleet Wartime regulations:**

Code One Alert: Issued by Captains cut off from Starfleet Headquarters, allows them to declare war (STA, 243).

**Miscellaneous:**

A Starfleet vessel must respond if it is capable to any distress call to render assistance (TNG: 55, 59).

Dropping a brig force screen without authorization constitutes a jailbreak (TOS: 62, 98).

Issuing a false intruder alarm constitutes a breach of Security (TOS: 62, 98).

In the case of Stage One Radiation Hazards, inspection personnel must wear ISHA approved protection gear (DS9: 16, 10).

A search period of 48 hours is required for all lost away teams. (TOS: 61, 125)

Excepting only mechanical failure by essential life-support systems, an Intruder Alert - the presence or suspected presence on a Starfleet vessel of an unauthorized alien life form - is to be given the highest priority of all ship emergencies (TOS: 53, Prologue).

A captain is held responsible for the actions of the crew under their command (ST: VI, 170.)

Starfleet officers and Federation citizens are subject to the laws of the member worlds that they are currently on (TOS: 33, 124).

A starship acting on a diplomatic mission acts as a mobile Federation embassy. A person stepping on board the vessel can defect or seek political asylum (TOS: P, 188)

A vessel in space is considered an autonomous entity (TOS: 67, 145).

By the 2290s, alarm systems in Starfleet vessels alerted the crew to use of an unauthorized phaser set to kill (ST: VI, 192).

Ships Logs are available for review as a courtesy to all previous ship's captains (STL7, 16).

Perscan monitors of a ships captain are available to the ship's Chief Medical Officer (ST: TMP, 97).

If a line officer disappears, , access codes, passwords, and ship dispositions much be changed throughout Starfleet (TOS: 40, 78).

All computer programming contains a pass code that acts as a 'signature' for the author of the code (TOS: 51, 116).

Vessels must maintain a five-kilometer minimum distance during tandem flight or courses (TOS: 48, 158).

Courier vessels must retain a speed of 3/4 impulse power during a message relay (TOS: 39,25).

## **Spatial Divisions**

---

### **Precinct:**

Divisions of Federation space to which combat support tenders are assigned (TNG: 53, 163).

Octants (TOS: 15, 24).

Marks (TOS: 6, 9)

Kiloparsecs (TOS: 6, 9)

## **Starfleet Divisions**

---

Astronomics: (ST: CP, 70)

### **Border Patrol:**

Military branch concerned with patrolling the borders of the Federation and in the fighting of pirates (TLY, 177).

Bureau of Unexplored Territory (TOS: 15, 24).

### **Construction Authority:**

Responsible for the building of Starfleet vessels (TOS: 54, 31).

### **Department of Temporal Investigations:**

Federation organization whose mission is to investigate any Starfleet missions that involve time travel (DS9: TT, 31).

### **Diplomatic Corps (Diplocorps):**

Diplomatic attaché arm of Starfleet (TOS: P, 39)

### **Diplomatic Protection Group:**

Starfleet marines that provide protection for Federation personnel. (TOS: 48, 22)

Diplomatic Psychology Corps (DIPS): (STL9, 2).

### **Federation Sciences:**

Service Branch of Starfleet concerned with Sciences (STL\*, 3).

### **Grankite Totality:**

Test Starfleet officers in Tactics (ST: P, 207).

### **Navigational Hazard Classification Authority:**

Explores, maps, and designates navigational hazards (TTM, 41)

### **Project Sign:**

Division of Starfleet created in the 2260s to investigate the Preservers and any threat they might present to the Federation (ST: P)

**Psyops:**

Division of Starfleet (TOS: VF, 163)

**Public Information Office:**

Review media materials and determines what is appropriate for reading in regards to politically sensitive or historically accurate information (TOS: 16, 9).

**Special Section:**

Starfleet Intelligence (TOS: 25, 62)

**Starfleet Cosmology and Astrophysics:**

Studies unusual stellar phenomena. (TOS72: 23)

**Starfleet Cultural Survey Bureau:**

Responsible for the observation of cultures that cannot be formally approached due to the Prime Directive (TOS: SM, 1).

Starfleet First Contact Office: (ST: CP, 79).

Starfleet Internal Affairs:(TOS: 15, 16).

**Starfleet Medical Archives:**

Retains genetic samples of Starfleet personnel for identification purposes (TNG: TR, 163).

**Starfleet Sector Guard:**

Branch of service assigned to the retrieval of disabled enemy vessels in times of war. (DW: 2, 125)

**Starfleet Special Projects:**

Division of Starfleet concerned with the supervision of Priority One Starfleet matters, including the Guardian of Forever (DH, 185).

Technical Intelligence Division (ST: P, 128)

Training Command (TOS:48, 24).

**Transmission Analysis Section:**

Communications department that analyzes incoming transmissions for authenticity (TNG:Im2, 269).

**Zebra-Tango Division:**

Starfleet Engineers (TNG: 53, 292).

## **Starship Designations**

---

**NX:** Federation, Starfleet, Experimental (USS Excelsior, NX-2000), ST III  
**NAR:** Federation, non-Starfleet, Research (SS Vico, NAR-18834), TNG "Hero  
Worship"  
**NCC:** Federation, Starfleet, Active service (USS Enterprise, NCC-1701), TOS  
**NDT:** Federation, non-Starfleet, Transport (SS Milan, NDT-50863), TNG "New  
Ground"  
**NFT:** Federation (Lakul, NFT-7793) ST: G, Nemecek  
**NGL:** Federation, non-Starfleet, Freighter (SS Odin, NGL-12535), TNG "Angel  
One"  
**NSP:** Federation, Vulcan, Science (T'Pau, NSP-17938), TNG "Unification: Part  
I"

# **The Federation**

---

## **Architecture**

---

Mars buildings are traditional built of microwave-fused sandblocks (ST: P, 153)

## **Art**

---

### **Statues:**

David Earth

Young Surak Vulcan (FOP, 49)

Venus of Melos (TOS: 80, 5)

## **Awards and Medals**

---

### **Nobel/Z. Magnees Prize**

#### *Winners:*

Sarek Peace Prize (TOS: 42, 65).

Sradek Peace Prize (TOS: 42, 65).

T'Kreng Quantum Chronodynamics (DS9: 16, 95)

T'Kreng Singularity Matrices (DS9: 16, 95)

#### *Nominees*

Weiss, Lenda Medicine: resonance fields in surgery

Forella Medicine: stasis fields in lieu of protoplasers

Stlur and T'Vann Medicine: transporter based surgery

La'kara Physics: micro-accelerator field

(TOS: 42, 12)

### **Surakian Peace Prize (ST: V, 71).**

#### *Winners:*

St. John Talbot (ST: V).

Zankar-Bowles Prize for Creative Fiction (TOS: 57, 274).

## **Athletic Competitions**

---

Goddard Moonbase Tennis Finals (TOS: SFTS, 101)

Interstellar Olympics (TOS: 67, 30).

Jovian Triathlon (TOS: 84, 224)

New Braemar Highland Games (TOS: 67, 30)

Pentathlon of Alpha Centauri (TOS: 67, 30)  
Rigel Passage d'Arms (TOS: 67, 30)

## **Buildings**

---

### **Gundersdotter's Dome:**

Geodesic dome at Fort Lincoln on Mars where the Fundamental Declarations were written (ST: P, 153).

## **Chess**

---

### **Champions:**

Sinhawk (TOS: TFA, 136)

### **Federation Intergalactique des Echecs (FIDE):**

Federation standard of chess ratings (TOS: 18, 180).

### **Gambits:**

Karaluk: Three-dimensional chess gambit (TOS: 69, 23).

Jobeck's Gambit: (ST: S)

T'Nedara (ST: S, 350).

## **Cities**

---

### **Earth:**

Bangkok (TOS: 69, 80)

#### *DownUndersea:*

Underwater city that stretches from Brisbane to the Solomon Islands.

#### *Federation City:*

Floridian city built to house diplomats of the Federation (TOS: 16, 147).

L.A. Plex (TOS: 35, 210).

#### *New York*

Sixth Street has been renamed Avenue of the Federation (TOS: 54, 53).

New York Old City (TOS: 35, 210).

Sadat City, Egypt (TOS: 25, 31).

#### *White Sands Spaceport:*

Primary Earth Spaceport (TOS: 16, 130).

### **Luna:**

Campbell City (dark side of Terran Moon) (TOS: TFA, 133).  
Armstrong Lunaport (STL1: Y, 95)  
Lunar Freehomes: Founded primarily from the Southeast United States  
(TOS: 42, 118).

### **Mars:**

Bradbury City (TOS: 69, 80)  
Fort Lincoln (ST: P, 153)  
Martian Colony One: Originally a Russian colony (TOS: 42, 118).  
Nix Olumpica Thermal Power Station (STL4: TI, 26)

### **Other:**

New Elysium (TOS: 69, 80)  
Oreopolis (TTM: 10): Abandoned colonial capital of Epsilon Delta IV

## **Companies**

---

Ardana Exports: (TOS: 67, 88)

BlaineAerospace: (TOS: 67, 50)

C & O Spaceroads (TOS: 67, 50)

Carnvale Interstellar Mining Corporation (TOS: 67, 38)

### **Enyart's:**

Well-respected catering service (TOS: 64, 54)

### **Harrell Hullworks**

Based on Catula (TOS: 67, 88)

### **Inner Space Corporation:**

Former president: Doctor Samuel Landers (TOS: 16, 146).

Mallory-Lynne-Stephens: Mineral Processing (TOS: 35, 55)

Marcuslabs (TOS: VII)

### **Mulwray Munitions:**

Largest contractor of Starfleet weaponry in the 2290s (ST: VI, 141).

### **Resources Corporation of Deneva**

President Carter Winston (TOS: 16, 220).

### **UniPhase:**

Company that designs Starfleet phaser bank systems, founded by Jackson B. Kahle II (TOS: 70, 56).

## **Customs**

---

Marriage Contracts: Marriages are set as contracts with finite periods (TOS: 37, 97).

## **Conferences**

---

Nel Bato: Engineering and physics (Tanginess, 33)

## **Documents**

---

### **Articles of Federation:**

State that every member world of the Federation must provide a certain percentage of their population for service to the UFP (TOS: SFTS, 267).

*Documents used in creating the articles:*

Magna Carta (CT: 4)

Bill of Rights (CT: 4)

Swiss Articles of Confederation (TOS: 50, 8)

Vulcan Treatises on Logic and the Living Condition (CT: 4)

United States Constitution (CT: 4)

Fundamental Declarations of the Martian Colonies (CT: 4)

United Federation of Planets Articles of Confederation (CT: 4)

Death of Andor (CT: 4)

### **Fundamental Declarations of the Martian Colonies**

It is the right of every sentient being to be content (TOS: 22, 2)

### **Organian Peace Treaty:**

The treaty established the Neutral Zone between the Federation and the Klingon Empire. Disputed worlds within the Zone are awarded to the government that can make the best case for developing the peaceful advance of civilization on that world. The native populations of those worlds determine whether or not to accept these government's offers. (TTM, 81).

### **Treaty of Algeron:**

Established the Romulan Neutral Zone and forbade the use of cloaking technology on Federation vehicles (TOS: 84, 91)

## **Economy**

---

Starting in the 2270s, the central worlds of the Federation began to shift away from a money-based economy (ST: P, 56).

## **Famous Individuals**

---

### **Ambassadors:**

Sarek: Vulcan

Bhutto: Earth (TLY, 185)

*Miguel Andrews:*

Ambassador to three star systems, including Inar (TLY, 198)

*St. John Talbot:*

Ambassador to Nimbus III; former recipient of the Surakian Peace Prize (ST: V).

*Yeshmal:*

Female Andorian ambassador of the Federation to the Tholian Assembly (TOS: 67, 299)

*Zul of Triannis:*

Expert of Ferengi bartering techniques (TNG: AGT, 120).

### **Council Presidents**

Ra-ghoratrei 2293 (TOS: S, 258).

Sulu (TR)

### **Explorers**

O'Morion (STL1: BF, 21).

### **Historical Figures:**

*Carstairs, Gerald:*

Federation diplomat accused of selling Vulcan defense plans to Romulans (TOS:27, 179)

*Yoradl Young:*

Delivered an important speech to the Vulcan Council and dies two days after (TOS: FF, 232)

Geltredi (TOS: FF, 232)

*Sandorsen, Kale:*

Known as the father of Federation justice. Private botanist who developed intersystem policy and diplomatic precepts. Unbeknownst to most, Sandorsen was a Romulan defector, Field Primus Kilyle, surgically altered to resemble a human (TOS: FF)

**Philosophers:**

Hirad (TOS: 35, 35)

**Physicists**

Einstein (TOS: 2, 28).

Vekesh (TOS: 2, 28).

G'dath: Klingon expatriate (TOS: 54, 49)

Georges Moredreaux (TOS: 2, 28)

Paul Manheim (TNG: 47, 53)

Bruce Maddox (TNG: 47, 53)

Kosinski (TNG: 47, 53).

**Politicians:**

Sarah Meier: Governor of California in the early 2270s (TOS: 54, 8).

**Psychhistorians:**

Garen of Odessa Prime, Tellarite male (ST: P, 185)

Lept: Ferengi Male (ST: P, 17)

R'Ma'Hatrel: Tiburon female (ST: P, 185)

Savrin, Male Vulcan (ST: P, 185)

T'Pon, Vulcan Female (ST: P, 185)

T'Serl, Vulcan female (ST: P, 18)

**Dalien Cenara:**

Most notorious Federation criminal in the 2270s (TOS: 51, 263).

**Nan Davis:**

World News reporter (TOS: 54, 6).

**Dieter:**

Head of the xenobiology department at the University of Bern, Switzerland in the 2260s (TOS: 50, 2)

## **Federation Organizations**

---

**Assist Services:**

Humanitarian branch of the Federation that provides support for handicapped individuals and those suffering from incurable diseases (TOS: 71, 32).

**Contact Department:**

Responsible for First Contact affairs (TOS: 12, 93)

**Consul of Foreign Ports:**

Inspect trade manifests of cargo ships and inspects for contraband (TOS: 67, 34).

Federation Bureau of Disaster Relief (STA, 23).

Federation Council on Intercultural Affairs (TOS: 69, 13).

Federation Council Technology Committee on Strategic Planning (ST: P, 18).  
Federation Diplomatic Service: (ST: V, 71).  
Federation Intergalactic Studies Council (TOS: 57, 273).  
Federation Interstellar Scouts (TOS: 15, 60)

**Emergency Interstellar Relief Services (IRS):**

Humanitarian organization (STL4: MT, 165)

**Federation Museum:**

Museum that preserves artifacts and ships relevant to the history of the Federation (TOS: 67, 38).

Federation Science Council: (TOS: 33, 3).  
Federation Science Ministry: (TOS: 33, 93).  
Federation Science Network (TOS: 17, 41).

**Federation Security Service:**

Secret Service dedicated to the preservation of the Federation (TOS: 17,170; 42, 230).

**High Counsel:**

Group that advises the Federation President (conj.) (STL4: TI, 15)

Interplanetary Court of Justice (TOS: 6, 195).

Interstellar Customs (TOS: 34, 16)

**Prime Directive Committee:**

A subsection of the Federation Council that determines the status of planets that have not yet reached the technological level to be approached by the Federation. The PDC has the ability to give a more primitive culture protected status, in which the Federation sets up a series of sensor buoys along the edge of a planetary system to monitor any unauthorized traffic into the system (TOS: 71, 27).

**Terraforming Bureaus:**

Concerned with the growth of Federation colonies. The Bureaus have long argued that the introduction of an artificial interplanetary ecology, one that has been analyzed to its molecular level, the chance of spontaneous and uncontrollable mutations of viruses and diseases can be drastically reduced. (STA, 80). In the 2380s, the Bureau worked to use the alpha mist as an oxygen producer for terraforming projects (STA, 89).

Security Council (TOS: S, 258).

**United Contact Council:**

A committee composed of Klingon and Federation personnel to determine the sentience of creatures on worlds within the Organian treaty zone.

**Warrantors of the Peace:**

Formed by Surak during the Reformation, the Warrantors originally here hostages used to ensure that Vulcan did not have a Nuclear War. Each Warrantor or a city=state carried the codes necessary to launch a strike within a capsule embedded in their heart; for the codes to be used, the Warrantor would have to be killed. Warrantors were chosen from those closest to those who led that state. Vulcans emphasized that Warrantors be used to ensure peace through the Federation as well, an idea that was not implemented until the 2260s (TOS: 25, 19).

**Geography**

---

**Earth:**

Los Angeles Island (ST: TMP, 38).

**Pan-Semite Union:**

Formally the Middle East (TOS: 25, 35)

**Mars:**

Terraformed sections of Mars are protected by multiply redundant interplexed forcefields (ST: P, 151).

**Government**

---

**Buildings:**

United Federation of Planets Centroplex: HQ for the Federation (FOP, 24).

**General Election:**

Date of the voting for Federation officials. Voting is made more difficult for deep space vessels due to time-space distortions, differing planetary regulations, and the sending of secret ballots (TOS: 25, 14).

**Officers:**

*Director, Federation Council on Intercultural Affairs (TOS: 69, 13).*  
Dr. Anna Seward

*Federation deputy commissioner on Interspecies Affairs:*  
Monitors compliance with the Prime Directive (TOS: 66, 32).

Federation Director of Interworld Affairs (FOP, 26).

Federation Council on Intercultural Affairs (TOS: 69, 13).

*High Commissioner:*

Leader of the United Earth Council (TOS: 25, 8).

Secretary General (TOS: 39, 20)

Secretary of Protocol:

Kim Li Wing, (TOS: 69, 13)

Security Council Chairman:

Thoris of Andor 2293: (TOS: S, 258).

Surgeon General (TOS: 67, 3)

**Solar Senate:**

Governing body of the solar system (?) (TOS: 16, 136).

**United Earth Council:**

Governing body of Earth, led by a High Commissioner (TOS: 25, 8). Includes the ambassador of Pan Slavia (TOS: 25, 306).

The Federation Council determines the growth of colonies and allocation of resources (TTM, 10).

## **History**

---

The period of the 20th century is sometimes referred to as the Dark Ages (STL8, 116).

Old Reckoning: The year, month, and day calendar, replaced by stardate (TOS: 23, 60)

## **Holidays, Parades and Celebrations**

---

Apollo Day (TOS: 54, 1)

Halloween: Less celebrated in 21<sup>st</sup> century (TOS: 37, 8).

Pan-Soviet May Day (TOS: 52, 13).
